**Touchless Printing is Here!**

*Release your print jobs directly from your own device by following these 6 easy steps!*

**Step 1**
Submit the documents you want to print by printing from a computer in the lab or using Print on the Go.

**Step 2**
Install the latest Pharos Print app from the App Store or Google Play.

**Step 3**
Configure the app for first use if not already configured.
*For server address, use: printcenter.temple.edu, port: 443.*
On the next screen, enter your Accessnet username and password.

**Step 4**
Open the Pharos Print app on your device and select the documents you want to print. To print all listed documents, leave all boxes unchecked. Touch the QR code in the top right corner.

**Step 5**
Scan QR code labeled on the printer.

**Step 6**
Confirm the selected documents and the printing cost.
